Welcome to the bi monthly community news

Regional Sport Trusts were established to assist sport organisations to be better organisations, to help clubs to provide an improved service to the community and to encourage greater collaboration between the sports in the community. Sport Waitakere is here to help your club, when circumstances or capacity do not allow the regional and national organisations in your sport to provide that help. Sometimes Sport Waitakere needs to view sport from a broad view and encourage sport organisations to change so that their sport is more responsive to the needs of the consumer. We believe in continuous improvement and would encourage sport organisations to keep their sport relevant and attractive to the consumer, so their sport is at the heart of Kiwi's physical activity.

In this issue there is information from Auckland Council, coaching development, volunteer recognition and development, and funding.

Regards
 Warren Ogilvie, **Regional Sport Advisor**

Auckland Council Youth in Sport and Recreation Initiative (YISPI)

If your organisation offers sport or recreation programmes or activities for young people (aged 0-18) anywhere across Auckland, then Auckland Council would like to know about it. Yes, Council want to know about 'everything' that is a programme or activity targeted to youth. That includes after-school, school holiday, sports clubs, church and marae programmes. Anything that falls within Sport and Active Recreation.

Introduction to YISPI
 Auckland Council is strategically committed to "putting children and young people first". Mayor Len Brown has identified "a youth-in-sport programme for Auckland" as one of his 100 Projects Initiative. This youth focus is equally supported by Auckland's Sport and Recreation Reference Group.

Please contact Sarah Beaman; sarah.beaman2@aucklandcouncil.govt.nz, before 15 July so she can email you a short form to complete to outline your particular programmes or activities.

Community Sport Workshops

Throughout the year Sport Waitakere offers a range of club development workshops to support clubs and volunteers. A well managed club has a far better opportunity to be sustainable and will offer an improved service to its members and community.

Topics coming up in the next few months are:

- Strategic and Annual Planning – August
- Marketing to your Community – September
- Communications Planning – October

These are tailored to meeting the needs of sports clubs to help the club take the next step in positive club management. To learn about these workshops and to find out what else is planned please contact our Community Sport Advisor, Steve Roberts on 966 3100 or email steve.roberts@sportwaitakere.co.nz

Your Club's Website

It is now **free and easy** to get your club on the web. Sportsground is the largest provider of websites to Kiwi sport. Your club can get a free website (advertising supported) where you can easily and securely update your own text, photos and newsletters. You can have your own web address and display a more customised website without any advertising if you prefer. If your club has its own website, it is still a good idea to activate the Sportsground site for your club with a link to your own club website. Please visit www.sportsground.co.nz, and search for your club.
